

Microsoft 365 - Standard setup packs

Entrust your Microsoft 365 project to our experts

POST shares its knowledge of Microsoft throughout your migration to the Cloud, and helps you choose the packages that best meet your needs, until they are up and running.

With Standard Setup Packs, you concentrate on your core business while we take care of configuring user access rights and installing applications. Discover our packaged services:

Standard Setup packs	Microsoft 365 Apps for Business	Microsoft 365 Business Basic* or Standard	Microsoft 365 Business Premium
Services included for 1 to 5 users**			<ul style="list-style-type: none"> Multi-factor authentication (MFA) for administrators Multi-factor authentication (MFA) for users with location as exceptions (based on IP address) E-mail security protection (Antispam, Microsoft Exchange antivirus, anti-phishing, safe link, safe attachment)
		<ul style="list-style-type: none"> Domain connection (own domain or Microsoft) Mailbox creation and setup SharePoint & Teams basic installation 	
	<ul style="list-style-type: none"> Creation of the Microsoft 365 tenant on the POST portal Administrator setup, user and license allocation Access to the Microsoft 365 management portal (URL, login, passwords) 		
	€150	€350	€450

For businesses that need other licenses or have more specific requirements, POST can offer these services as part of bespoke packages.

*For Microsoft 365 Business Basic, only the web and mobile versions of Word, Excel and PowerPoint are available.

** The setup pack is available for 1 to 5 licenses. If you choose several different licenses, setup will be for the license that contains the most services to be configured.
